Proposal Development (PD) Impact

The PD module in IRES has now been updated to reflect the newly negotiated fringe benefits rates, both Federal and Non-Federal.

For records with a status of 'In Development' and/or 'In Review' created prior to the system update, please follow the steps outlined in the [PD Quick Guide – How Do I Create and Edit Budget](#) (in the Updating Fringe Benefits section, page 42) to update the fringe benefit rates. Note that fringe benefit rates will not be updated unless the steps outlined in the Quick Guide are followed.

The change in fringe benefit rates will not impact budgets that have already been submitted. *PD budgets that have already been submitted to external sponsors cannot be updated at this time.* If you have any questions, please contact your [OSP Proposal Manager](#).
