

Team Experience Builder: A year of creating memories

Team Experience Builder was launched in February 2023 to help managers of Yale staff create meaningful moments with their teams. The response has been tremendous! Here's a snapshot of activity over the last year*:

108

experiences booked

700+

staff members participated

890

hits to online activities & resources

75

managers booked experiences for their teams

28%

of managers booked multiple experiences

What managers are saying:

“This website is great. I am a new manager, and this makes it fun and easy to get us together and away from our desks.”

“The site was easy to use, the tour offerings are great, and my team really enjoyed our tour. Really impressed with and thankful for this opportunity.”

Thank you to all our tour partners and managers who have supported us during this first year!

We invite managers to [visit Team Experience Builder](#) today to book their next adventure!
