Operational Efficiency

North Star

Strengthen Yale's academic mission through targeted, low-disruption improvements that unlock savings, reduce administrative burden and free time and capacity.

Progress Update

1

Phase 1 Diagnostic complete

Gathered campus input and analyzed data and processes.

2

Identified 24 potential opportunities

Across external spend, capital projects, administrative processes and AI.

3

Prioritized potential pilots

September Board endorsement. To be finalized on October 28th Steering Committee

Timeline

- **September 14**
