About Annual Enrollment

November 30–December 14 is the time to make enrollment changes to your medical, dental, and vision benefit choices, and to update beneficiary information. You can enroll or make changes in Workday, located on your.yale.edu. The Workday link is located at the top of the screen.

If you take no action, your current elections will remain in effect for 2019, with the exception of your Flexible Spending Account (Health Care and/or Dependent Care). If you wish to participate in Flexible Spending Accounts during 2019, you must re-enroll during annual enrollment. You can do so from November 30–December 14, 2018.

Yale Health & Aetna Changes for 2019

An update about your Aetna pharmacy benefit
Any prescription medication that has a generic equivalent will automatically be substituted by a generic equivalent unless the prescribing clinician indicates Dispense as Written (DAW) or the member request the name brand. The member will pay the appropriate tier copay and the price difference between the name-brand and the generic versions of the medication.

The price difference will be waived in cases where the clinician provides documentation that the name-brand medication is medically necessary in which case the member will pay only the appropriate tier co-pay. (A generic equivalent is a pharmaceutical with the same active ingredient(s) as the name-brand prescription medication)

Do you have other insurance?
For members covered by more than one insurance plan (such as your employer plan and your spouse's employer plan) Coordination of Benefits (COB) is the method used by Yale Health to determine which plan pays first, which pays second, and the amount paid by each plan. Yale Health will use the COB method to ensure that members covered by more than one insurance plan will receive the benefits they are entitled to while avoiding overpayment by either plan.

If you are enrolled in an insurance plan in addition to Yale Health, you must provide information about that plan to Yale Health on the Insurance Information Update (COB) form, which can be found at http://yalehealth.yale.edu/resources/forms.

Failure to disclose this information may affect the terms of your coverage or denial of claims. Please visit http://yalehealth.yale.edu/coverage for more information about coordination of benefits.

The benefit description in this document are brief summaries of the benefits offered. More detailed information about your benefits can be found on your.yale.edu. If anything differs from what is stated in the legal plan documents and insurance contracts that govern the plans, the legal plan documents will prevail.

Although it is intended that the benefit plans will be continued, the university reserves the right to amend, modify, or terminate the plans at any time.
