This valuable benefit feature allows you to carry over a portion of your unused standard annual maximum benefit limit into the next year and beyond. You can accumulate Carryover Max is easy and automatic:

Carryover Max from Delta Dental allows you to increase your benefits.

To qualify for Carryover Max, you must receive at least one cleaning or one oral exam during the plan year. If you don't receive a cleaning or exam, you won’t be eligible to carry over any of your benefit dollars to the following year. If you fail to do so, any accumulated carryover will be lost.

A covered person is eligible for the Carryover Max benefit if less than half of the standard annual maximum is used in the prior benefit year. Carryover Max allows you to carry over up to 25% of the unused portion of your standard annual maximum up to a maximum of $500. For example, if your standard annual maximum is $1,000 and you use $200, you can carry over $200 ($800 x 25% = $200).

The accumulated amount can never exceed your standard annual maximum. Standard annual maximum dollars are used first. Carryover Max dollars are used after the standard annual maximum is met.

Delta Dental’s Special Health Care benefit allows for enhanced benefits for members (adults & children) with special health care needs. Additional dental exams and/or consultations; up to four total dental cleanings in a benefit year and medically necessary treatment delivery modifications (including anesthesia and nitrous oxide) for patients with sensory sensitivities, behavioral challenges, severe anxiety, or other barriers. Members with a qualifying special health care need should advise their dentist that their group plan now offers this enhancement. Your dentist will then verify the additional benefits with Delta Dental.

Delta Dental's Oral Health Enhancement Option enables you to receive up to four dental cleanings and/or periodontal maintenance procedures in any combination per benefit period if you have been treated for periodontal disease in the past. For the additional dental cleaning and/or periodontal maintenance procedures to be covered, you must have had periodontal surgery or periodontal scaling and planning in the past. Details on how to qualify can be found in your benefit booklet. In addition, members with defined medical conditions such as Diabetes, Cardiovascular Disease, Pregnancy or are undergoing certain Cancer treatments may qualify for up to two additional cleanings when certified by a physician or dentist.

Delta Dental has two networks available under this plan. The Delta Dental Premier® network is the largest of the Delta Dental networks with over 351,000 participating dentist offices nationally (80%+). Delta Dental PPO™ is a smaller, but more discounted network with over 266,000 participating dentist offices nationwide. Delta Dental’s network discounts average 25% to 35% less.

You may use any fully licensed dentist under this plan, but it is to your advantage to use a network dentist, especially PPO, since they accept the Delta Dental allowance as their maximum charge and cannot bill Delta Dental patients for amounts above this level. Participating dentists will be paid directly by Delta Dental for covered services. Non-participating dentists will bill you directly, and Delta Dental will make claim payment directly to you. You will maximize benefits and reduce paperwork by using a Delta Dental participating dentist.

If you do not have a dentist, you may obtain a current listing of participating dentists in any area, by visiting our website at deltadentalct.com. At the time of your first appointment, tell the dentist that you are covered under this program and provide your group number and ID number. Your dependents, if covered, should provide the employee's ID number. Claim questions and other information needs should be directed to Delta Dental’s customer service department at 1-800-494-4138.
