

# OSP Newsflash

## Updated COVID-19 for Research

March 27, 2020

The [Research Continuity - Sponsored Award FAQs](#) were recently updated to include NIH's revised late application notice. The NIH has provided further guidance on late proposal submissions, see [NOT-OD-20-091](#). Effective immediately, all grant applications submitted late for due dates between March 9, 2020 and May 1, 2020, will be accepted through May 1, 2020. This notice applies to all relevant funding opportunity announcements, including those that indicate no late applications will be accepted. Institutions need **not** request advance permission to submit late due to this declared emergency and a cover letter providing a justification is **not** required.

Please note that all applications must be submitted to OSP for review per standard procedure and must adhere to University and sponsor policy. **It is strongly suggested that proposals arrive at OSP well in advance of the May 1, 2020 deadline to process the anticipated high volume.** Additionally, **submitting early is strongly advised to avoid electronic submission issues.** In these unprecedented times, there is the potential that electronic portals may not be able to handle the extreme volume. Any questions can be directed to OSP proposal managers.

## Recently released NIH Funding Opportunity Announcements

Notice Number	Title	Institute/Center
NOT-AI-20-034	<a href="#">Notice of Special Interest (NOSI) regarding the Availability of Emergency Competitive Revisions for Research on Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) and Coronavirus Disease 2019 (COVID-19)</a>	National Institute of Allergy and Infectious Diseases ( <a href="#">NIAID</a> )
