TO: Department Business Offices and Research Administrators News & Updates Subscribers

Dear Colleagues,

This is a reminder that the January 2024 International Forum, presented by the International Operations & Compliance Committee, will take place on Tuesday, January 16, 2024, from 8:00 a.m. to 12:00 p.m. at Yale's West Campus Conference Center. Registration information and an updated event program are provided below.

The purpose of the International Forum is to share information about Yale programs and initiatives overseas and the many resources available on our campus to support international activities. As in years past, the agenda includes both a plenary session and opportunities to discuss specific areas of operational support in smaller breakout groups, along with networking opportunities.

This event will take place fully in-person (no Zoom) at the West Campus Conference Center, 100 West Campus Drive, Orange, CT on Tuesday, January 16, 2024. Coffee and a light breakfast will be available starting at 8:00 a.m. There is ample, free parking adjacent to the building. Presentations will begin at 8:30 a.m. and conclude at 12:00 noon. The event program is provided below.

Please also consider joining us for a tour before you return to your desk. There is a great deal of exciting work taking place on West Campus and if you have not spent time there before this is the perfect chance! West Campus is home to a number of Yale's research institutes and collections, so come see the amazing work that happens at the [Institute for the Preservation of Cultural Heritage](#) or view the [Peabody Museum's collection display at West Campus](#) while we await the unveiling of the renovated Museum on Whitney Avenue.
