V. PHASED RETIREMENT ARRANGEMENT

5.1 Upon the request of an employee who is eligible to become a Participant and approval by the employee’s Department head and Human Resources, the University and employee shall enter into a Phased Retirement Arrangement under this Plan. VI. AMENDMENT AND TERMINATION

6.1 The University shall have the right to amend or terminate the Plan at any time prospectively or retroactively, and in whole or in part, to the extent that it may deem advisable including, but not limited to, an amendment or a termination that the University determines is necessary or appropriate to comply with any federal or state law, regulation, or other interpretation thereof. Any amendment or termination shall impose no obligation or liability on the University with respect to any employee, whether or not the employee has applied to become a Participant, prior to the time when the Phased Retirement Agreement has been signed by the employee and approved by the University.

6.2 In the event that the Plan is amended in a manner that materially affects its terms or benefits, the irrevocable commitment to retire by each employee who has previously entered into a Phased Retirement Arrangement, but who has not yet actually retired, shall continue in full force and effect. The University shall acknowledge in writing that the terms and benefits of the Plan prior to such amendment will continue to apply with respect to employee.

VII. INTERPRETATION AND OTHER CONDITIONS

7.1 The provisions of this Plan shall be construed and enforced according to the laws of the State of Connecticut.
7.2 Any obligations arising under the Plan shall be paid from the general assets of the University, and nothing contained in the Plan shall be deemed to create an obligation of the University to set aside or earmark funds. This Plan is unfunded.

7.3 In addition, this Plan is intended to constitute an early voluntary retirement incentive plan within the meaning of 29 U.S.C. §623(f)(2).

7.4 The University shall comply with applicable federal and state tax laws, including withholding appropriate federal and state taxes with respect to the payment of benefits.

7.5 Payouts and benefits under this Plan are non-assignable and non-transferable. The University shall not be liable for the debts, contracts, or obligations of any Participant or his or her beneficiaries, and the rights to awards under the Plan may not be taken in execution by attachment or garnishment, or by any other legal or equitable proceeding while in the hands of the University; nor shall any Participant or his or her beneficiaries have any right to assign, pledge, or transfer any benefits or payments hereunder. Notwithstanding the foregoing, the University shall comply with a domestic relations order, issued by a court of competent jurisdiction, with respect to amounts due to a Participant after he or he has entered into a Phased Retirement Arrangement.
